

# Natural Comforts

## 28" Guinea Pig Cage

## Assembly Instructions

Item #16065

Wire Cage Set  
#901288

Wood Shelf  
#901290

Plastic Base  
#901289

Wood Hay Manger  
#901291

Wood Ramp  
#901292

### Step 1

Place the wire panels on a flat surface with the door facing up. Unfold the front, back, and side panels.

### Step 2

Connect the front cage panel (includes doorway) to the left side panel as shown. The "J" shaped wire hooks are specially designed to hook onto the side panel alternating the connection back and forth. Then connect the front panel and the side panel again to create a woven connection joint.

Repeat this connection between the remaining panels in each corner using the alternating "J" shaped hook.

HINT: Start by attaching bottom "J" hook and move up and attach top "J" shaped hook last.

### Step 3

Slide the Wood Ramp through the hole in the Wood Shelf. Then attach the Shelf and Ramp assembly to the 3rd wire up from the bottom on the left side of the cage. HINT: Attach Wood Shelf and Ramp to the wire cage before securing wire frame to pan.

### Step 4

Place the assembled wire top with Shelf and Ramp onto the base making sure the bottom of the wire panels rest securely along the top edge of the base. Secure the wire panels to the base using the wire latch located on each side.

### Step 5

Attach the hay manger to the wire on one of the short sides of the cage. Inserting the bottom edge of the manger above the 2nd wire up from the bottom and positioning so that vertical wire is in the center of the slot in the manger. The two hooks on the top of the manger rest on the 7th wire up from the bottom.

## Assembly Complete!
